

TOUR 4: Cape Point Tour

If you've already booked your trip to Cape Town and are keen on spicing it up a bit, then you've come to the right place! We'll take you for a guided day trip to the Cape of Good Hope and back again via Muizenberg, Simon's Town, Scarborough, and Chapman's Peak.

TOUR 5: Cape Town to Johannesburg

Our latest tour will take you from North to South or visa-versa. We offer you the choice of three different routes which will vary according to season and participants' requests.

Option1: heads in a fairly straight direction, following the N1 but never really riding on the motorway. Instead we explore the diverse landscape that South Africa has to offer on minor roads. Alternatively, we travel in a general northerly direction but take a detour either up the east coast to explore the Drakensburg mountain, or to the West Coast, to explore Namaqualand.

From winding mountain passes to breathtaking country roads, you'll push your motorbiking skills to the limit on both tarred and dirt-roads.

- Option 2: To the Drakensburg
- Option 3: Up the West Coast

TOUR 6: African Adventure

Follow the route made famous by the international launch of the BMW R1150 GS Adventure. Cross the ancient battlegrounds of Shaka, ride among the giraffes and antelope through two extraordinary game reserves, and explore the Zulu footpaths of the Makatini Flats where no other vehicle can go. And then there's the spectacular Lake Sibaya and the forests of Barberton. The tour is a unique off-road journey for solo riders.

The tour will go to places no other motorcycles are allowed - game parks and farms, sanctuaries and private property exclusively available to BMW tours.
